- California's e-file Program. See page 9.
- Filing Business Entity returns, including paperless Schedules K-1 (565 or 568). See page 10.

If you prepare your clients' tax returns by hand, you must use the official forms as printed and distributed by the FTB or an FTB-approved substitute version.

By following these guidelines, you help accelerate processing and get your clients' refunds to them faster.

As a tax practitioner, you do not need approval from us to computer-prepare your clients' tax returns. However, make sure that the tax software you use produces FTB-approved forms. Ask your software provider for a copy of its FTB-approval letter for the form(s) you want to prepare.

If you use electronic software that allows you the ability to create tax forms that your clients will file with the FTB, they may need our approval first. Get FTB Pub. 1098, Annual Requirements and Specifications for the Development and Use of Substitute, Scannable, and Reproduced Tax Forms, and form FTB 1096, Agreement to Comply with FTB Pub. 1098, Annual Requirements and Specifications, for more information.

To ensure you receive software updates and other information necessary to produce FTB-approved forms, register with your software provider, as necessary, upon receiving the product.

What's New for 2008

Third party designee added to all tax returns. For taxable years beginning on or after January 1, 2008, taxpayers can designate a third party to discuss their tax return with the Franchise Tax Board (FTB). If a taxpayer wants to allow a friend, family member, or any other person they choose to discuss their 2008 tax return with the FTB, they check the "Yes" box in the signature area of their return. They must also print the designee's name and telephone number.

If the taxpayer wants to allow the paid preparer who signed their return to discuss it with the FTB, they need to enter "Preparer" in the space for the designee's name.

If the taxpayer checks the "Yes" box, they, and their spouse/RDP if filing a joint tax return, are authorizing the FTB to call the designee to answer any questions that may arise during the processing of their tax return. They are also authorizing the designee to:

- Give the FTB any information that is missing from their tax return.
- Call the FTB for information about the processing of their tax return or the status of their refund or payments.
- Respond to certain FTB notices about math errors, offsets, and tax return preparation.

Taxpayers are not authorizing the designee to receive any refund check, bind them to anything (including any additional tax liability), or otherwise represent them before the FTB. If the taxpayer wants to expand the designee's authorization, they should get form FTB 3520, Power of Attorney Declaration for the Franchise Tax Board.

The authorization will automatically end no later than the due date (without regard to extensions) for filing the taxpayer's 2009 tax return. This is April 15, 2010, for most people. If the taxpayer wishes to revoke the authorization before it ends, they should get form FTB 3520.

(2) The Net Operating Loss (NOL) deduction is suspended for taxable years 2008 and 2009, with an exception for taxpayers with net business income of less than \$500,000 for the taxable year. For taxable years beginning on or after 1/1/08, NOLs may be carried forward for 20 years; NOLs may be carried back for two years for losses generated in taxable years beginning on or after 1/1/2011. This does not apply to disaster losses. (3) For taxable years beginning on or after 7/1/08, affiliated corporations may share credits. The due date of the

limited liability company (LLC) fee has changed from the 15th day of the 4th month following the close of the taxable year to the 15th day of the 6th month of the current taxable year. (4) The LLC fee is based on an estimate of the LLC fee from the preceding taxable year. If the LLC fee is underpaid, the amount of the under payment is subject to a 10% penalty.

AB 3078, (1) Allow the Franchise Tax Board to include entities with less than two electing nonresident individuals, and electing individuals with more than a specified amount of CA taxable income, in a group nonresident return. (2) Require the buyer to withhold on each installment sale payment if the sale of CA real property is structured as an installment sale. (3) The dividend elimination is allowed regardless of whether the payor/payee are taxpayer members of the CA combined unitary group return, or whether the payor/payee had previously filed CA tax returns, as long as the payor/payee filed as members of a comparable unitary business outside of this state when the earnings & profits from which the dividends were paid arose. Dividend elimination is allowed for dividends paid from a member of a combined unitary group to a newly formed member of the combined unitary if the recipient corporation has been a member of the combined unitary group from its formation to its receipt of the dividends.

Important Reminders

- The PACARRP “RP” Area is configured differently and, when applicable, based on your input, the software you use will print these codes to designate special processing:

U = Military

9 = Disaster

D = Taxpayer diseased

C = Spouse/RDP diseased

See the special instructions for “Disaster and Military Designations on Scannable 540” on this page.

- To save space on all official forms, the FTB removed the separate box for Private Mail Box (PMB). Taxpayers will enter their PMB, when applicable, in the address field (e.g., 1200 Hollow Way, PMB 123). Scannable forms and payment vouchers are not affected by this change.
- Taxpayers may request Direct Deposit of their refund to two separate bank accounts on all personal income tax returns.
- Due dates on scannable estimate payment forms (Forms 540-ES and 541-ES) prints above the form number and below the “DETACH HERE” line.
- Scannable Form 100-ES installment number will print above the form number and below the “DETACH HERE” line. (e.g., Installment 1)
- FTB assigned new generic numbers to identify all forms processed through our automated system. The generic number prints in the bottom margin between the brackets. (e.g., “3101086” represents scannable Form 540, Side 1)

“Amount of Payment” – Exception for all Estimate Payment Forms

To better meet taxpayers' expectations and enable us to optimize efficient processing of scannable estimate payment forms (Forms 100-ES, 540-ES, and 541-ES), we will allow software programs to leave the taxpayer's “Amount of payment” dollar amount blank. This provides a solution for your clients who determine their estimate payment amount at a later date allowing them to enter the payment amount by hand.

To help ensure accurate processing of your clients' payments, use the current year's payment forms when paying current year tax liabilities.

California Secretary of State (SOS) File No.

- The SOS file no. is **always** numeric and **must** begin with a “19” or “20.” (The “19” and “20” represents the first two digits of the year the file number was assigned to the taxpayer by the Secretary of State.) (e.g., “2004123456789”)
- The SOS file no. should be 12 digits long. However, if your client has a 10 digit number, the software you use will precede it with zeros. (e.g., “001234567890”)
- If the SOS file no. is not available to you, the software you use will zero fill the SOS File No. field (e.g., 000000000000)

Use of Hyphens in Street Address Field

Hyphens can only be used in the street address field for all personal income tax, business income tax forms, payment forms, and vouchers (scannable and substitute versions).

Disaster and Military Designations on Scannable Form 540 and Substitute Computer-Generated Forms 540 2EZ, Long and Short 540NR, and 540X

We continue to enlist the support from preparers to identify their clients with a disaster or military special processing requirement. In addition to instructions to “write the disaster or military special circumstance, in red ink, in the top margin on Side 1,” of scannable Form 540, and substitute computer-generated Forms 540 2EZ, Long and Short 540NR, and, if applicable, 540X, the tax software you use will print code “9” (Disaster) and code “U” (Military) in the PACARRP area's “RP” box.

Disasters

Taxpayers affected by certain disasters are legislatively granted additional time to file returns and make tax payments, including estimated tax payments (IRC 7508A / R&TC 18572). We **do** abate interest and any late filing or late payment penalties during the extension period.

Please ensure the following information is written in red ink in the top margin of your clients' California tax return:

- Disaster – enter the specific name of the disaster (e.g., 2008 California Wildfires.)

Although the disaster code in the PACARRP area's “RP” box will tell us the taxpayer was affected by some disaster, we also need the **specific disaster identified in red ink** in the top margin of the return. With this specific information, we can process the return quickly with the correct extension, if an extension was granted, and adjust interest and penalties as needed.

For more details about how to claim a state tax disaster loss deduction for your clients, get FTB Pub. 1034, How to Claim a State Tax Deduction for Your Disaster Loss.

Military – Combat Zone/Overseas

Combat Zone – Servicemembers of the Armed Forces (including National Guard and reservists called to active duty) and civilians acting under the direction of the Armed Forces in support of those forces, are allowed an extension of 180 days after leaving a combat zone or qualified hazardous duty area (QHDA) for filing returns and paying taxes without interest or penalties. In addition to the 180 days, they are allowed an additional extension of up to 107 days (the number of days they were in a combat zone or QHDA during the filing season).

We need the following information **written in red ink** in the top margin of the return:

- Combat Zone
- Location or area served: _____
- Dates of deployment: From □□/□□/□□ To □□/□□/□□

With this information, we can allow the correct extended due date, adjust interest and penalties as needed, and prevent premature billings from being mailed.

Military Overseas – Servicemembers of the Armed Forces (including National Guard and reservists called to active duty) and Merchant Marines working beyond the boundaries of the United States, are allowed an extension of 180 days after returning from overseas for filing returns and paying tax without interest or penalties.

We need the following information **written in red ink** in the top margin of the return:

- Military Overseas
- Dates of deployment: From / / To / /

With this information, we can allow the correct extended due date, adjust interest and penalties as needed, and prevent premature billings from being mailed.

For more information, get FTB Pub. 1032, Tax Information for Military Personnel on our website at ftb.ca.gov.

The FTB Conforms with IRS Notices 2004-54 and 2007-79

We will accept the same alternative forms of signature as described in IRS Notices 2004-54 and 2007-79. Specifically, it permits income tax return preparers to sign original returns, as well as e-file authorizations such as forms FTB 8453, FTB 8454, and FTB 8879, by rubber stamp, mechanical device, or computer software program. These alternative methods of signing must include either a facsimile of the individual preparer's signature or the individual preparer's printed name.

Income tax return preparers who use alternative methods of signing must provide all of the other preparer information that is required on returns and extensions, such as the name, address, relevant employer identification number, the preparer's individual identification number (social security number or preparer tax identification number), and phone number.

To Verify Personal Income Tax Estimate Payments

A significant number of personal income tax returns fall out during processing because taxpayers claim the wrong amount of estimate payment. Confirming personal income tax estimate payments first will resolve many issues where your clients claim amounts or payments that we don't have on record. This could reduce the number of notices your clients receive in connection with claiming the wrong amount of payments.

How can you help? Go to our website at ftb.ca.gov under Online services and select MyFTB Account to view:

- Estimated tax payments
- Recent payments applied to a balance due
- The total current balance due
- A summary of each balance due tax year on the account
- Amnesty balance after applying for amnesty
- FTB-issued 1099G and 1099-INT information
- Wage and withholding information

You or your clients will need the following information to complete one of the requests listed above:

- Social security number
- 2008 Customer Service Number (CSN) (see Power of Attorney Program, page 11)

A Note about Customer Service Numbers (CSN)

We issue a new CSN to every taxpayer each calendar year. The number is only valid during the year for which it is assigned. Your clients can get their current year CSN online at ftb.ca.gov.

To ensure the security of taxpayer information, **be sure to use the log off button to exit** the "My FTB Account." For information about your client's federal income tax account, please contact the IRS at 800.829.1040.

Envelope Guidelines

Please use these guidelines if you provide pre-printed envelopes or labels to customers for delivery to the FTB. Doing so will expedite processing and reduce processing problems.

- Use white envelopes only – **no colored envelopes**, please. (Tax practitioners may use their current supply of colored envelopes as long as they have the correct ZIP +4 on them, before changing over to white envelopes.)
- Use sans serif fonts.
- Ensure envelopes you use contain the correct address and ZIP +4 extension.

Check with your envelope supplier to make sure your supply of envelopes uses sans serif fonts and contains current year FTB returned mail addresses, or go to our website at ftb.ca.gov and search for **contact us**.

What is Needed to Computer-Prepare California Tax Forms

Tax practitioners must produce computer-prepared forms using:

- Software that produces FTB-approved forms
- Personal computer hardware required by the software to produce FTB-approved forms (i.e., printer fonts, etc.)
- Good quality, white, standard, stock machine paper (8 1/2 x 11 at minimum 20 lb. weight)
- Black ink
- Software user manuals that include instructions for correctly producing FTB-approved forms

In addition, reading your software provider's user manual (and ALL "**Read Me's**," etc.) will help ensure you have the necessary hardware and printer fonts to correctly produce FTB-approved forms. **Note:** "**Read Me's**" are a great resource tool to learn about enhancements or revisions made to the software you use.

All printing must be:

- Laser or ink jet
- Courier 12-point, or standard print font (no bold font)
- Alpha characters must be in upper case
- Original printed output (no corrections or photocopies accepted)
- On one side of the paper (scannable forms only)

General Information About Scannable Form 540

(A graphic of this form is shown on page 13.)

We use an automated processing system to capture information from scannable Form 540, rather than having the information entered manually by key data operators (KDOs).

Scannable Form 540 **must** have a scannable band (scanband) area that contains the taxpayer's tax data. The scanband directly follows the taxpayer's Entity area (Name and Address) on Side 1. The two-digit field numbers in the scanband correspond to the line numbers, direct deposit, and practitioner areas found on sides 1 and 2. Even though the tax data will print in the scanband and the conventional area of the form, only the tax data in the scanband will be "captured." Monetary amounts in the scanband **must** be whole dollars only, without decimal points or other punctuation. The rest of scannable Form 540 is like the official form.

To ensure the integrity of the scanband data, if **any** corrections are made, you must reprint the entire scannable Form 540 return before your client (or you) mail it to the FTB.

We will capture the tax practitioner's identification number, i.e., federal employer identification number (FEIN), and the preparer's tax identification number (PTIN), or social security number (SSN) from all personal and business entity (corporation, partnership, limited liability company) income tax returns.

Guidelines on How to Enter Taxpayer Entity Information on Computer-Prepared Personal Income Tax Returns (scannable Form 540 and substitute Forms 540 2EZ, Long and Short 540NR, and 540X)

Taxpayer entity information is arranged in fixed positions with defined field lengths. Each field is dedicated to hold specific information such as:

- Spouse/RDP name
- Executor/guardian name
- Apartment number and/or letter
- Private mailbox (for the "PMB" to print) and PMB number (or letter)
- Deceased date of taxpayer or taxpayer's spouse/RDP, if any
- Prior name, if any

It is critical that you enter the taxpayer entity information correctly. This will help us to accurately process your clients' tax returns, and help ensure that your clients' refund checks print with the correct name(s) and address. Your clients' entity information should print like the examples shown under "Taxpayer Entity Information Examples" shown on page 6.

Two Asterisks (**) in the Entity – THIS IS CRITICAL

Two asterisks (**) in the taxpayer entity area indicates to us that certain taxpayer information is **UNCHANGED** from last year. Print two asterisks **ONLY** if the taxpayer (and taxpayer's spouse/RDP, if any):

- Filed a California Form 540, 540A, 540 2EZ, or Long or Short 540NR tax return last year
- Did **not** change the address shown on last year's tax return
- Has the same social security number (SSN) or ITIN, if applicable, as last year
- Has the same name (first, middle, and last) as last year
- Has the same filing status as last year
- Is not deceased

Otherwise, do not print the asterisks.

Personal Income Taxpayer Name and Address Entry Instructions

Use these instructions when you enter your client's name and address information. It will help reduce processing time and help ensure that refund checks are mailed to the correct name(s) and address.

Miscellaneous Information

Tax Preparer Identification Number: SSN, PTIN, and FEIN

Tax preparers have the option of using either their SSN or PTIN in the “Paid preparer’s SSN/PTIN” box in addition to their FEIN when signing tax returns for their clients.

Direct Deposit of Refund (DDR)

DDR is available to your clients who file their personal income tax return electronically or on paper and to your business entity clients who file Forms 100, 100W, 100S, and 109. When your clients select this option, be sure to complete **ALL DDR fields** in the “Direct Deposit of Refund” area (Side 2 on personal income tax returns; Side 1 on business entity income tax returns).

Payment Options

- **Web Pay** – Your clients can enjoy the convenience of online bill payment with **Web Pay**. This secure service lets them pay the current amount owed and schedule future payments, such as estimated tax, up to one year in advance. They select the amount to pay and when to pay it. We deduct the payment from their bank account on the date selected. Your client's social security number or ITIN, bank account and routing number, and current year customer service number is needed to use this service. Go to our website at **ftb.ca.gov** and search for **Web Pay**.
- **Credit Card** – Whether your clients e-file or file by mail, they may use their Discover/NOVUS, MasterCard, Visa, or American Express to pay their tax (tax return balance, extension payment, estimated tax payment, or tax due with bill notice). They can make payments online or by phone. For more information about fees, etc., call 800.272.9829, or visit the website **officialpayments.com**.
- **Check** – Using the current year's form to make a current year payment, your clients should:
 1. Make a check or money order payable to the "Franchise Tax Board."
Make all checks or money orders payable in U.S. dollars and drawn against a U.S. financial institution.
 2. Write their SSN or ITIN, tax form, and tax year on the check or money order.
 3. Mail the payment to the correct address. Go to our website at **ftb.ca.gov** and search for **contact us**.

What are Keying Symbols?

Keying symbols are important. Although we process most personal income tax returns through our automated imaging system, there are times when certain returns require manual intervention by us.

Keying symbols are shown on all computer-prepared tax returns, including the conventional areas on sides 1 and 2 of scannable Form 540. They will print to the left of specified tax data line numbers. They reduce time and guide KDOs to enter the correct tax return information.

Exact placement, shape, and size of keying symbols that will be present on the 2008 personal income tax returns is shown below in the snapshot of a 2008 Form 540.

Before you give your clients their returns to file, please verify that these symbols are present. If they are not present, please read your software company's user manual to make sure you have the minimum hardware and printer fonts necessary to print FTB-approved forms. If you cannot determine why the keying symbols do not print correctly, contact your software provider's technical support staff.

Fiscal Year Filers

If any of your clients file their personal income tax return on a fiscal year basis, the tax software you use must accommodate their needs. Not all tax software products support the filing of

fiscal year personal income tax returns. As a result, you may need to complete the tax returns for your fiscal year clients by hand.

Always remember to enter the fiscal year date as the filing date for your fiscal year clients; otherwise, we will process the tax return as a calendar year tax return. When this happens, the tax return most likely will appear to be delinquent in some way. As a result, your fiscal year clients could receive a delinquent or late payment of tax penalty or an underpayment of estimated tax penalty and may be assessed interest.

Contact your software provider and confirm the tax software you use supports fiscal year filing for personal income tax filers.

Prior Year and Amended Returns

Do not use 2008 software to file a prior year tax return. File current year forms for current year tax liabilities. (e.g., Use the 2009 Form 540-ES to make 2009 estimate tax payments.)

Amend personal income tax Forms 540, 540 2EZ, and Long or Short 540NR by completing Form 540X, Amended Individual Income Tax Return. When amending Long or Short Form 540NR, you **must** also attach a revised Long or Short Form 540NR to Form 540X.

Amend corporate income tax Forms 100, 100S, and 100W by completing Form 100X, Amended Corporation Franchise or Income Tax Return.

Amend partnership and limited liability company (LLC) Forms 565 and 568 by completing a new Form 565 or 568. Check the box marked "Amended return" on side 1 of each form. For more information on how to file amended partnership and LLC returns get the Form 565 or Form 568 tax booklet.

Get form FTB 3567, Installment Agreement Request, for information on how to request an installment agreement plan for your clients. Go to our website at ftb.ca.gov (select “Installment Agreement Request”) for more information or to download forms to request an installment agreement.

Remind your clients NOT to mail any voucher, listed above to the FTB if the “Amount of payment” is zero (0).

FTB Taxpayer Signature and Authentication Policy

Our policy is to ensure proper authentication of the information provided to us by taxpayers. The level of authentication needed on specific documents depends on several factors, including how we use the information. To help you determine whether or not we will accept photocopies or facsimiles of a taxpayer’s signature, we have categorized the level of signature authentication required into three groups. The category and its number (C1, C2, or C3) will print after the form number on each tax form. The three categories are:

- Category 1 (C1) Original authentication required; facsimiles acceptable only if original is subsequently provided.
- Category 2 (C2) Copy of signature is sufficient proof that original was signed; photocopy or facsimile is acceptable.
- Category 3 (C3) No authentication required.

Additional Credit Names, Codes, and Acronym Names

The tax software you use should include the credit acronym and code number for each additional credit shown below. See “*Claiming Additional Credits on Personal and Business Entity Tax Returns (Forms 100, 100S, 100W, 540, and Long Form 540NR)*,” on page 9.

Additional Credits

Field numbers 25 and 26 in the scanband on Form 540 are where your clients' additional credit amounts, if any, print. The appropriate three-digit numeric credit code number **must** precede the additional credit amount.

Additional Credit Example

Dependent Parent Credit (code 173) of \$20 in field number 25. The scanband on Form 540 will look like this:

25 17320

Claiming Additional Credits on Personal and Business Entity Tax Returns (Forms 100, 100S, 100W, 540, and Long Form 540NR)

When your clients claim additional credits, the credit acronym, code number, and amount should print on the applicable lines of Forms 100, 100S, 100W, 540, and Long Form 540NR. (The credit acronym, code number, and amount of credit will print on the applicable line on side 2 of scannable Form 540.)

When a client claims credits on Schedule P (100, 100W, 540, or 540NR) and the credits are listed in more than one section, the tax software you use should total column (b) of the credits that have the same code numbers and bring the total forward to the applicable line of the tax return being filed.

If your client has any other credits to claim on Schedule P (100, 100W, 540, or 540NR), the tax software you use should add the amounts from column (b) for those credits and bring the total forward to the applicable line of the tax return being filed.

California's e-file Program

California Revenue and Taxation Code Section 18621.9 requires practitioners who prepare more than 100 individual state income tax returns annually and who prepare one or more current year returns using tax preparation software to e-file. For more information about mandatory e-file, go to our website at ftb.ca.gov and search for **Mandatory e-file**.

The FTB and the IRS have approved over 42,000 tax practitioners to provide e-filing services to the more than seven million California taxpayers expected to e-file during the 2009 filing season. Participating in the California e-file Program has many benefits for you and your clients. Here are some highlights:

- **Faster refunds** – Refunds can be deposited directly into your client's bank account within five to seven banking days after the tax return is filed.
- **Proof of receipt** – We provide acknowledgement that we have accepted the tax return for processing.
- **Opportunity to correct errors** – Our system performs up-front edits on all incoming e-file tax returns. We let you know if we

detect any errors, what those errors are, and allow you time to make any corrections. This step reduces subsequent notices to your clients.

- **Accurate tax returns** – Because most errors can be resolved before we accept your tax return for processing, less than one percent of e-file tax returns require special handling.
- **Safe** – We use the latest technologies to ensure the security and privacy of all taxpayer information. We receive most tax returns via modem transmission. Our Internet filing portal uses 128-bit Secure Socket Layer encryption-the industry standard. We have never experienced a breach of security in our e-file system. We have successfully processed over 40 million e-filed tax returns since 1994.

California e-file Program Enrollment Requirements (Individual and Business e-file)

Beginning August 2007, FTB no longer requires e-file providers to submit a separate enrollment application for authorization to electronically file individual or business tax returns.

Providers approved to participate in the IRS Electronic Filing (e-file) Program are now automatically enrolled in the California e-file Program. In addition, we will automatically receive any updates that you make to your IRS account.

Requirements for e-file participation:

To be automatically enrolled in our e-file program, you must be an accepted participant in the IRS e-file Program. We receive confirmation from the IRS after they accept you into their program.

Use your IRS-assigned Electronic Filer Identification Number (EFIN) to e-file with the FTB. If you transmit returns, use your IRS-assigned Electronic Transmitter Identification Number (ETIN) with the FTB.

Comply with the guidelines in FTB Pub. 1345, e-file Handbook for Authorized e-file Providers, and FTB Pub. 1345B, Business e-file Handbook for Authorized e-file Providers of California Business Returns.

Once you receive your IRS EFIN, you can verify your enrollment with California by contacting our e-Programs Customer Service at 916.845.0353.

Filing Business Entity Returns

To ensure accurate and timely processing of your clients' business entity returns that require Schedules K-1 (100S, 541, 565, or 568), use software that produces the FTB-approved schedules. Make sure that the substitute forms you use meet our requirements. Schedules K-1 (565 and 568) filed with incomplete information may cause us to contact the partnership or limited liability company (LLC) for more information or return the Schedules K-1 to the partnership or LLC. Either circumstance may subject the partnership or LLC to penalties.

Do not file

- K-1 data on microfiche
- Federal Schedule K-1 (1065)
- Database printout information
- Abbreviated schedules

California Encourages Tax Preparers to File Paperless Schedules K-1 (565 or 568)

For the highest rate of accuracy and rapid processing of your clients' Schedules K-1 (565 or 568), file them on CD or diskette.

If you want to produce Schedules K-1 (565 or 568), use software that produces FTB-approved paperless formatting or contact a professional who can format them for you. For more information, go to our website at ftb.ca.gov and get FTB Pub. 1062, Guide for Filing Paperless Schedules K-1 (565 or 568) and K-1 (565 or 568), TestWare.

Mail Forms 565 and 568 to the FTB using the appropriate addresses. **Do not** attach paper Schedules K-1 (565 or 568).

Compliance with Partnership and LLC Filing Requirements for Paperless Schedules K-1 (565 and 568)

Before you submit your clients' paperless Schedules K-1 (565 or 568), make sure you complete the procedures shown below. Doing so will further ensure error-free files and timely processing.

- Mail Forms 565 and 568 to the FTB using the appropriate addresses. **Do not** attach paper Schedules K-1 (565 or 568).
- Confirm Schedules K-1 (565 or 568) have been formatted and put on a CD or diskette for **each** person identified on Forms 565, Question K or 568, Question J.
- Confirm all fields on the Schedules K-1 (565 or 568) are formatted and completed as described in FTB Pub. 1062.
- Verify the paperless Schedules K-1 (565 or 568) that you format on a CD or diskette, reconcile to Forms 565 or 568, Schedule K-1 (565 or 568), and have been pre-tested with the K-1 (565 or 568) TestWare.
- Provide your clients with the information contained on their paperless Schedules K-1 (565 or 568) before April 15, or the applicable filing date. **Reminder:** The information you provide your clients does not have to print on a Schedule K-1 (565 or 568); it may be in a test format.

You can download and send multiple partnership and LLC Schedules K-1 (565 or 568) to us on the same CD or diskette. It is not necessary to provide a separate CD or diskette for each individual partnership or LLC. Use form FTB 3604, Transmittal of Paperless Schedules K-1 (565 or 568), on CD or diskette, to provide the name, FEIN, and number of Schedules K-1 (565 or 568) that are included for each partnership or LLC on the CD or diskette.

K-1 (565 or 568) TestWare

We provide K-1 (565 or 568) TestWare as a tool to help you accurately prepare paperless Schedules K-1 (565 or 568). The program validates the K-1 (565 or 568) files and enables you to submit your clients' Schedules K-1 (565 or 568) error-free via CD or diskette. The TestWare can also expand your files from

a delimited format into the format required to process the K-1 information through our mainframe. **Reminder:** You can download a copy of the K-1 (565 or 568) TestWare from our website at ftb.ca.gov or you can call the e-file Help Desk at 916.845.0353.

Substitute Schedules K-1 (565 or 568) Filing Requirements

If you choose to develop your clients' Schedules K-1 (565 or 568) (paperless or paper format), you must follow the same substitute forms review and approval requirements used by tax software developers, transfer agents, and others. You must complete and return to the FTB form FTB 1096. FTB Pub. 1098 includes the information you need to develop FTB-approved forms. To get a copy of form FTB 1096 or FTB Pub. 1098, go to our website at ftb.ca.gov.

The paper format of Schedules K-1 (565 or 568) may be either a one-sided or two-sided format. The one-sided format includes only those tax data lines applicable to the partner or member. The two-sided format includes all tax data lines. Software companies choose the format to include in their tax products and both formats require approval from the FTB.
